USES AND APPLICATIONS

REGULATIONS

Regulation (UE) 2016/425, according to the personal protection equipment.

✓ PPE Category I.

RECOMMENDATIONS

- ✓ It is recommended to check and verify the glove before use, and periodically during use, to ensure that no damage is present, as it can significantly affect the expected protection.
- ✓ These gloves being manufactured of natural latex, can cause some kind of sensitization to this component of the glove and, therefore, develop irritating reactions and /or allergic contact reactions.
- ✓ Replace immediately if any deterioration is observed in glove.
- ✓ For the conservation and storage, it must be away from sources of heat and light bulbs.
- ✓ Store in a cool dry place. It is recommended to save the inner box for possible consultation.
